Reference Letter

Dear Jim:

Jim's team has supported G. Brandt for the last 10 years for all of our Manufacturing software needs. The Vox team is experienced, strong technically, and responsive to our technical needs. They really understand Manufacturing and Distribution, and the more specifically the Food Industry in Ontario.

We wanted to thank the Vox ISM team for getting us up and running with our new weigh scale 'SLICE03' this now makes 6 scales that we have successfully integrated into the ERP system, providing real-time inventory movements and shipping through the RF scanners.
